Honorable John A. McCone
Director
Central Intelligence Agency
2430 E Street N. W.
Washington 25, D. C.

Attention: Technical Services Division

Dear Mr. McCone:

The Secret Service has need for a highly discriminating voice operated relay unit. Your Technical Services Division advises that your organization has participated in the development of such a unit and has contacts with a source of supply.

If this meets with your approval, will you please arrange for the purchase of one unit for transfer to this Service, and advise concerning the procedure for any necessary transfer of funds.

The equipment will be kept under strict security and any specific restrictions or security classification you may wish to impose will be honored.

As a point of contact for further details Mr. Robert I. Bouck, Room 94, Executive Office Building (EX 3-3300, ext. 2584) will be available.

Your cooperation and assistance in this matter are appreciated.

Yours sincerely,

James J. Rowley
